

# Flanschgewindenippel

**X** HDPE

| Bestellnummer | Nennweite<br>(DN/Zoll) | Norm | B-druck<br>(in bar) | Ausführung |
|---------------|------------------------|------|---------------------|------------|
| 380020500305  | 50 /<br>R2" AG (PN10)  |      | PN6                 |            |
| 380030500305  | 50 /<br>R3" AG (PN10)  |      | PN6                 |            |
| 380020800305  | 80 /<br>R3" AG (PN10)  |      | PN6                 |            |

**X** Leichtmetall

| Bestellnummer | Nennweite<br>(DN/Zoll) | Norm      | B-druck<br>(in bar) | Ausführung |
|---------------|------------------------|-----------|---------------------|------------|
| 380010500200  | 50 /<br>G2" AG (PN10)  |           | PN16                |            |
| 380010800200  | 80 /<br>G3" AG (PN10)  |           | PN16                |            |
| 380021000200  | 100 /<br>G4" AG (PN10) |           | PN16                |            |
| 380020500200  | TW1 / G2" AG           | DIN 28462 | PN10                |            |
| 380020800200  | TW1 / G3" AG           | DIN 28462 | PN10                |            |
| 380011000200  | TW3 / G4" AG           | DIN 28462 | PN10                |            |

**X** Messing

| Bestellnummer | Nennweite<br>(DN/Zoll) | Norm      | B-druck<br>(in bar) | Ausführung |
|---------------|------------------------|-----------|---------------------|------------|
| 380020800400  | TW1 / G3" AG           | DIN 28462 | PN10                |            |

**X** Polypropylen

| Bestellnummer | Nennweite<br>(DN/Zoll) | Norm | B-druck<br>(in bar) | Ausführung |
|---------------|------------------------|------|---------------------|------------|
| 380010250300  | 25 / R1" AG            |      | PN6                 |            |
| 380010400300  | 40 / R1½" AG           |      | PN6                 |            |
| 380010500300  | 50 / R2" AG            |      | PN6                 |            |
| 380010800300  | 80 / R3" AG            |      | PN6                 |            |
